

1st Workshop on Nuclear Magnetic Resonance Relaxometry

Date: 13/02/2017 - 15/02/2017

Location: Olsztyn (Poland)

Women: 13

Men: 29

Sum: 42

Percentage of Women: 31%

1st Working Group Meeting of CA15209

Date: 16/02/2017 - 17/02/2017

Location: Olsztyn (Poland)

Women: 4

Men: 13

Sum: 17

Percentage of Women: 24%

Percentage of Women in 2017: 29%

Conference on NMR Relaxometry and Related Methods

Date: 29/01/2018 - 31/01/2018

Location: Turin (Italy)

Women: 11

Men: 33

Sum: 44

Percentage of Women: 25%

Training School:

NMR relaxometry for food and environmental applications

Date: 14/02/2018 - 16/02/2018

Location: Lisbon (Portugal)

Women: 3

Men: 6

Sum: 9

Percentage of Women: 33%

Training School:

NMR relaxometry - theoretical modeling and data interpretation

Date: 26/02/2018 - 28/02/2018

Location: Graz (Austria)

Women: 4

Men: 9

Sum: 13

Percentage of Women: 31%

Training School:

NMR relaxometry for porous and confined systems

Date: 5/11/2018 - 7/11/2018

Location: Paris (France)

Women: 1

Men: 13

Sum: 14

Percentage of Women: 7%

Percentage of Women in 2018: 24%

Training School:

NMR relaxometry and Magnetic Resonance Imaging

Date: 13/02/2019 - 15/02/2019

Location: Basel (Switzerland)

Women: 5
Men: 3
Sum: 8
Percentage of Women: 63%

2nd Workshop of Nuclear Magnetic Resonance Relaxometry

Date: 4/02/2019 - 6/02/2019

Location: Prague (Czech Republic)

Women: 13
Men: 30
Sum: 43
Percentage of Women: 30%

Training School: NMR relaxometry data analysis: theory and software

Date: 18/02/2019 - 22/02/2019

Location: Pavia (Italy)

Women: 7
Men: 14
Sum: 21
Percentage of Women: 33%

Workshop: NMR Relaxometry for Interdisciplinary and Industrial Applications

Date: 19/03/2019 - 22/03/2019

Location: Grenoble (France)

Women: 12
Men: 19
Sum: 31
Percentage of Women: 39%

Training School: NMR relaxometry for soft matter and living systems

Date: 10/09/2019 - 13/09/2019

Location: Lisbon (Portugal)

Women: 3
Men: 5
Sum: 8
Percentage of Women: 38%
Percentage of Women in 2019: 36%

3rd Workshop on NMR and MRI relaxometry in chemistry and bio-medicine

Date: 17/02/2020 – 19/02/2020

Location: Tallinn (Estonia)

Women: 12
Men: 38
Sum: 50
Percentage of Women: 24%

Conference on achievements and perspectives of NMR relaxometry

Date: 15/03/2021 – 17/03/2021

Location: online

Women: 17
Men: 35
Sum: 52
Percentage of Women: 33%
