NEWSLETTER -WEBINARS

Dear EURELAX Members and Friends,

We hope you and your families are all safe and well during these very unusual times. With many people working from home, we took the opportunity to organize, through the COST EURELAX action, a series of webinars devoted to NMR relaxometry and its applications.

If you are interested in participating in any of these webinars, you can receive a Webex connection invitation by sending an email with your request: eurelax@matman.uwm.edu.pl

You will be then informed about the programme and time schedule.

Connection will be possible for up to 300 participants on a first come first served basis.
